	Headquarters.	
7.	Previous Recordings: The Allard Ranch was recorded in 1991 time the Colorado SHPO determined that the complex was not el During subsequent consultation in December 2002, your office records	igible, but that the barn was potentially eligible.
8.	Changes or Additions to Previous Descriptions: None	

Refuge still uses and maintains the barn. There are no noticeable changes. Changes to Location or Size Information: None	Resource Number: 5JA784		
(page 2 of 2) 9. Changes in Condition: When the structure was recorded in 1991, it was used by the Refuge as a barn and storage. The Refuge still uses and maintains the barn. There are no noticeable changes. 10. Changes to Location or Size Information: None 11. Changes in Ownership: None 12. Other Changes, Additions, or Observations 13. National Register Eligibility Assessment: Eligible Not eligible X Need data Explain: The barn does not possess characteristics that make it eligible for nomination to the National Register. It is not associated with any significant events or individuals and lacks those qualities that would make it architecturally significant. It is typical of barns throughout the west in that it was used to house livestock during its life as part of an operating ranch. 14. Management Recommendations: The current level of use and maintenance is recommended. 15. Photograph Types and Numbers: Black-and-white photographs were taken on July 10, 1991 and color photographs on June 5, 2003. The photographs and negatives are on file in the U.S. Fish and Wildlife Service Regional Office. 16. Artifact and Field Documentation Storage Location: 17. Report Title:	Temp	porary Resource Number:
